

Manufacturing Execution System (MES) Analytics Report

This automated dashboard summarizes performance values, system run times, availability losses, and process control capabilities calculated from sensor array registers.

Overall Equipment Effectiveness Summary

Machine ID	Availability %	Performance %	Quality %	OEE %
MCH_01	0.502%	1.0%	0.9668%	0.4853336%
MCH_02	0.481%	1.0%	0.9654%	0.4643574%

Six Sigma Quality Process Capability (SPC)
